

“Peace of mind in an ever-changing, regulatory world”

NHC Consultants believes it is vital to stay one step ahead of the ever-changing state/federal regulations as well as accrediting agency requirements which affect today's medical practices.

Our staff continuously researches and monitors changes in the laws, regulations and accrediting requirements. In addition, NHC Consultants maintains close contact with law makers, state officials and accrediting organizations to anticipate changes BEFORE they affect your practice.

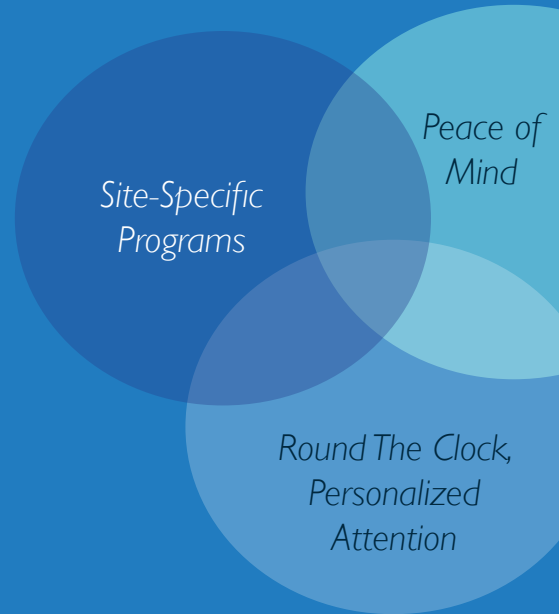

ARE YOU COMPLIANT?

Do you have:

- Standard of Care for Office Based Surgery ✓
- Policy and Procedures ✓
- Quarterly Meeting Minutes ✓
- Risk Management Program ✓
- Newest Emergency Equipment and Medications ✓

NHC Consultants works closely with you and your staff to develop programs that are tailored to your practice while ensuring regulatory compliance with governing agencies as well as accrediting organizations.

*We offer competitive pricing.
